The Way Address Fill API Uses Information

If you submit Personally Identifiable Information to us through the Address Fill API website, or Address Fill API’s Service, then we use your personal information to operate, maintain, and provide to you the features and functionality of the Address Fill API website and Address Fill API’s Service. In particular, your mobile phone number is essential to your use of the Address Fill API Service and will be retained. Any Personally Identifiable Information or status content that you voluntarily disclose on the Address Fill API’s Services becomes publicly available and may be collected and used by other users of the Address Fill API. We do not use your mobile phone number or other Personally Identifiable Information to send commercial or marketing messages without your consent or except as part of a specific program or feature for which you will have the ability to opt-in or opt-out. We may, however, use your mobile phone number (or email address, if provided) without further consent for non-marketing or administrative purposes (such as notifying you of a major Address Fill API website or Address Fill API’s Service changes or for customer service purposes). We may use both your Personally Identifiable Information and certain non-personally-identifiable information (such as anonymous user usage data, cookies, IP addresses, browser type, clickstream data, etc.) to improve the quality and design of the Address Fill API website and Address Fill API Service and to create new features, promotions, functionality, and services by storing, tracking, and analysing user preferences and trends. All such information may be used to create a better user experience for Address Fill API users.

We may use cookies and log file information to:

1. Remember information so that you will not have to re-enter it during your visit or the next time you use the Address Fill API Service or Address Fill API website;
2. Provide custom, personalized content and information;
3. Monitor individual and aggregate metrics such as total number of visitors, pages viewed, etc.; and
4. Track your entries, submissions, views and such.

Your Choices

You may, of course, decline to submit Personally Identifiable Information through the Address Fill API website or the Address Fill API Service, in which case Address Fill API may not be able to provide certain services to you. In case you do not agree to our Privacy Policy or Terms of Service, please apply for account deactivation process with Address Fill API via your account settings or connect with Address Fill API’s team. Your continued usage of the Address Fill API Service will signify your assent to and acceptance of our Privacy Policy and Terms of Service.

To protect your privacy and security, we take reasonable steps (such as SMS authentication in certain cases) to verify your identity before registering your mobile phone number and granting you access to the Address Fill API Service. Third-party Advertisers, Links to Other Sites

We think advertising is not cool. Address Fill API is presently ad-free and we wish to keep it that way forever. We have no intention to introduce advertisements into the product, but if we ever do, will update you through this section.

We are committed to Data Security

Address Fill API uses commercially reasonable physical, managerial, and technical safeguards to preserve the integrity and security of your personal information. We cannot, however, ensure or warrant the security of any information you transmit to Address Fill API and you do so at your own risk. Using unsecured wifi or other unprotected networks to submit messages through the Address Fill API Service is never recommended. Once we receive your transmission of information, Address Fill API makes commercially reasonable efforts to ensure the security of our systems. However, please note that this is not a guarantee that such information may not be accessed, disclosed, altered, or destroyed by breach of any of our physical, technical, or managerial safeguards. If Address Fill API learns of a security systems breach, then we may attempt to notify you electronically so that you can take appropriate protective steps. Address Fill API may post a notice on the Address Fill API website or through the Address Fill API Service if a security breach occurs.
In the Event of Merger, Sale, or Bankruptcy

In the event that Address Fill API is acquired by or merged with a third party entity, we reserve the right to transfer or assign the information we have collected from our users as part of such merger, acquisition, sale, or other change of control. In the (hopefully) unlikely event of our bankruptcy, insolvency, reorganization, receivership, or assignment for the benefit of creditors, or the application of laws or equitable principles affecting creditors’ rights generally, we may not be able to control how your personal information is treated, transferred, or used.

Changes and updates to this Privacy Notice

This Privacy Policy may be revised periodically and this will be reflected as and when. Please revisit this page to stay aware of any changes. Your continued use of the Address Fill API website and Address Fill API Service constitutes your agreement to this Privacy Policy and any amendments.
